

# Trackdit - Progress Tracking

## SUPPLY CHAIN PROGRESS

- ◆ Track all materials, Manufacturer to Onsite Installation.
- ◆ Manufacturer → Distribution → In transit → Delivered at jobsite → Installed

## QUALITY CHECK

- ◆ Check Quality of Materials and send reports directly to Distributor/ Manufacturer.

## REPORTS AND DASHBOARDS

- ◆ Generate Planned vs Actual reports for schedule and cost of the project.
- ◆ Create custom dashboards.

## PHOTOS

- ◆ Seamlessly take project pictures to record progress as you walk the jobsite.
