

# REAL-TIME TRACKING

INFORMATION TO YOUR MATERIAL PROCESSES ON THE CLOUD

AECInspire's TrackdIt Module is a mobile application that enables you to order, track and manage your material orders, as well as, enable just-in-time delivery.

Streamline material management and keep your construction projects on track and in budget with AECInspire's TrackdIt Module.

**AECINSPIRE EMPOWERS AEC PROFESSIONALS TO HARNESS THE POTENTIAL OF BIM AND PROJECT DATA TO BETTER UTILIZE THE INFORMATION ACROSS PROJECT LIFECYCLES.**

## WAREHOUSE TAB

enables material monitoring and inventory management at a glance.

## SHIPPING TAB

communicates vital shipping information in real-time.

## INSTALLATION TAB

ensures proper material management and handling on-site.
